INVITATION 814

Rotterdam/Santiago, 2018 04 11 Subject: Archiprix International Santiago 2019

Dear Madam / Sir,

With great pleasure we invite you to take part in our tenth edition, the Archiprix International Santiago 2019! To participate you have to select the best graduation project of your faculty completed after May 1, 2016 and invite the designer(s) to submit the project to us. See below for the steps you have to take. Archiprix International is a biennial event that presents the worlds' best graduation projects selected by universities and colleges teaching architecture, urban design and landscape architecture across the world. All projects are presented on our website and will be included in a major exhibition. A book cataloguing the projects will also be published. The web site www.archiprix.org offers the latest news, a survey of all submitted projects of all editions, with links to the web sites of participating schools. An international jury will assess all entries and on the 3rd of May 2019 the HunterDouglas Awards will be presented to the winners. All the designers of the submitted graduation projects can apply to participate the Archiprix International Workshop in Santiago/Valparaiso in the week before the award ceremony. The Archiprix International 2019 is organised by Archiprix International, Rotterdam in cooperation with Pontificia Universidad Católica de Chile, Escuela de Arquitectura and Archiprix Chile.

Procedure for submission of your entry in 5 steps

1. The Chair of Poznan University of Technology Faculty of Architecture signs the reply form included with this letter. Please check the address details of the school and email the form back to us.
2. Select the best graduation project from your faculty.
3. Give the designer(s) of this graduation project the application form.
4. The designer uploads his/her details and a digital version of the project to the website.
5. The designer submits the project by post to Santiago or uses a print service in Santiago. The submission must contain the following: 6 panels, size A2 vertical (420 mm wide x 594 mm high x 3 to 10 mm thick).

Registration deadline: August 1 2018; submission deadline September 1 2018.

We will keep in touch with your faculty via e-mail. Further information and background details about Archiprix International can be found at the web site www.archiprix.org. We also invite representatives of participating schools to the Archiprix International Award ceremony. The books Archiprix International 2001/2003, 2005, 2007, 2009, 2011, 2013, 2015 and 2017 are available and can be ordered online at www.naibooksellers.nl.

We look forward to receiving the best graduation project of your faculty.

Yours sincerely,
Henk van der Veen
(director of Archiprix
International)

Carlos Castillo
(director of Archiprix Chile)

Francisco Quintana
(Director de la Escuela de
Arquitectura UC)
